Beginning the Process

Step 1. Sign on to Employee Self Service (ESS): www.banweb.mtu.edu

Step 2. Click the “Employee Services” tab.
Step 3. Click “Electronic Personnel Action Forms”.

Step 4. Click “New EPAF”.

Welcome, to BANWEB!
Option A: Change Employee Job Index, INDEX

Use this option when the employee needs to be paid from a different Index or Account Code. This change is NOT retroactive. You will need to process a reallocation for the funds already paid.

Step 1. Enter the employee’s M Number in the ID field and press “Tab”; their name will automatically appear in the next field if you have entered in the correct ID.

Step 2. Enter the employee’s Query Date which is the effective date and must be greater than the last paid date. (see Approval Category Definitions)

Step 3. Select the correct Approval Category from the drop down menu. (Not sure which approval category to use? See Approval Category Definitions)

Step 4. Click “Go”.

New EPAF Person Selection

* - indicates a required field.
ID: * M32234239 John F Smith
Query Date: MM/DD/YYYY* 04/01/2012
Approval Category: * Not Selected

Go

EPAF Approval Summary

Change Employee Job Index - All, INDEX
End Employee Job - All, ETerm
Step 5. Select the position on the right and click “Go”.

Step 6. You have two options to change the Index and Labor Distribution:

A. Over write the Index in the Index field and click “Default from Index”. This will cause the Account code to disappear while the correct Fund, Org and Program codes populate.

Enter the appropriate Account Code and click “Save”.

B. On the next distribution line, enter a U in the COA field, the new Index in the Index field, the Account Code in the Account Field, and the correct percentage in the Percent field.

Click “Save”.
Scroll back down to the Index & Labor Distribution area. On the right side, a check box next to each distribution line can be seen. Select the Index you want to delete and click “Save”.

<table>
<thead>
<tr>
<th>Percent</th>
<th>Encumbrance Override</th>
<th>End Date</th>
<th>Remove</th>
</tr>
</thead>
<tbody>
<tr>
<td>100.00</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>100.00</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Note: Unless you save the EPAF at least once, the remove checkbox will not work.

Step 7. Complete the Routing Queue by inserting the User Name for each mandatory approval level.

If the job is funded by a sponsored account you will need to add a new approval level with the appropriate grant accountant from Sponsored Programs Accounting. (Use Banner Form FZAREBL to look up the proper grant accountant.)

Step A. If this index change is moving from a sponsored account to a non-sponsored account (Indexes starting with A, D, etc.), add the appropriate grant accountant for the original Index as an FYI.

Note: If there are multiple Indexes, please add additional Financial Managers with an action of FYI. Financial Managers only need to Acknowledge, not Approve an EPAF.

Step 8. Click “Save”.

Step 9. Give a detailed explanation of why a change is being made in the Comment Box.

Step A. If a change is being made to a sponsored account, list the dollar amount to be paid as well as the end date for the change.
Note: The end date is for informational purposes only. If the end date is before the end of the job, you MUST complete a second EPAF to change the Index for the remainder of the job.

Step 10. Click “Save”.

Step 11. Once you have double checked to make sure everything has been entered correctly, click “Submit”.

Step 12. Verify at the top of the EPAF to see whether it was submitted successfully.
Step 13. The EPAF you submitted is now located in your History on the “EPAF Originator Summary” screen.
Option B: Ending an Employee Job, ETERM

This option is used when an employee has resigned or retired, if you are ending a secondary position, or if you are ending a temporary or fixed term position before the current end date.

Step 1. Enter the employee’s **M Number** in the ID field and press “Tab”; their name will automatically appear in the next field if you have entered the correct M Number.

Step 2. Enter the employee’s **Query Date** which is the effective date and must be greater than or equal to the last paid date. (see Approval Category Definitions)

Step 3. Select the correct **Approval Category** from the drop down menu: (Not sure which approval category to use? Approval Category Definitions)

Step 4. Click “Go”.

New EPAF Person Selection

- Enter the employee’s M Number.
- Enter the Query Date (the date that the employee action starts).
- Select the type of EPAF (Approval Category) you wish to process.
- Select Go.

**Instructions:**

- Enter the employee’s M Number.
- Enter the Query Date (the date that the employee action starts).
- Select the type of EPAF (Approval Category) you wish to process.
- Select Go.

**ID:** M82234239

**Query Date:** 04/01/2012

**Approval Category:** Not Selected

------------------------ ALL EMPLOYEE TYPES ------------------------, SALL
Change Employee Job Index - All, INDEX

End Employee Job - All, ETERM
Step 5. In the right edge of the Change Job Details section, select the position and click “Go”.

Step 6. If the job end date is retroactive (less than last paid date), then you must enter the retroactive end date for the job in the Personnel Date.

Step 7. Complete the Routing Queue by inserting the User Name for each mandatory approval level.

If the position is funded by a sponsored account you will need to add a new approval level with the appropriate grant accountant from Sponsored Programs Accounting with an action of FYI. (Use Banner Form FZAREBL to look up the proper grant accountant.)

Note: If there are multiple Indexes, please add additional Financial Managers with an action of FYI. FM’s do not need to approve, only Acknowledge.

Step 7. Click “Save”.

---

**Instructions:**
- New Job: Type the position number and suffix into the fields below. The employee should have never had this position and suffix before.
- All other STAX: Select the position and suffix from the list. You will need to click “All” if you need to select a different job.
- Click “Go”.

Notes: Do not click “Need Approval Type”.

**Note:** If there are multiple Indexes, please add additional Financial Managers with an action of FYI. FM’s do not need to approve, only Acknowledge.

---
Step 8. Please give a short explanation of why the employee job is ending. Remember that the comments are part of the employee record.

*For example, if this is a resignation, leave the comment Resignation. If the job ends early due to lack of funding, leave the comment Lack of Funding.*

Step 9. Click “Save”.

Step 10. Once you have double checked to make sure everything has been entered correctly, click “Submit”.
Step 11. Verify at the top of the EPAF to see whether it was submitted successfully.

The transaction has been successfully submitted.

For more information on how to process EPAFs, please use the Originator's Handbook.

Note: Make sure you have saved the EPAF if you have made any changes before submitting it.

Step 12. Submit an employee resignation letter or other supporting documentation if applicable. (See Uploading EPAF Supporting Documentation)
Option C: Change Employee Time Entry Information, CETIME

This option is used for updating time entry information for a current employee. You must only use time entry methods currently available to your department. For more information on moving to Department Time Entry or Web Time Entry, please contact Payroll Services.

Step 1. Enter the employee’s **M Number** in the ID field and press “Tab”; their name will automatically appear in the next field if you have entered in the correct ID.

Step 2. Enter the employee’s **Query Date** which is the effective date and must be greater than the last paid date. *(see Approval Category Definitions)*

Step 3. Select the correct **Approval Category** from the drop down menu. *(Not sure which Approval Category to use? See Which Approval Category Should be Used? Or Approval Category Definitions)*

Step 4. Click “Go”.

New EPAF Person Selection

![Image of EPAF Person Selection]

Instructions:
- Enter the employee's M number.
- Enter the query date (the date the employee action starts).
- Select the type of EPAF (Approval Category) you wish to process.
- Select Go.

ID: M02234239 John F Smith
Query Date: MAMDD/YYYY 04/01/2012

Approval Category: * 
- Change Employee Time Entry Information, CETIME
- Activate Student Employee with Previous Job - Hourly, ARHRLY
- New Student Job, Active Employee - Hourly, NHRLY
- Retire Student to Previous Job, Active Employee - Hourly, RHRLY
- Extend Student Job End Date (Query Date = Old End Date), EXHRRLY
- Change Student Job Rate - Hourly, CHRLY
- ---------------------------- STUDENT STIPEND EPAFS ----------------------------, STIP
- Create New Student Employee - Stipend, CNSTIP
- Activate Student Employee with New Job - Stipend, ANSTIP
- Activate Student Employee with Previous Job - Stipend, ARSTIP
- New Student Job, Active Employee - Stipend, NSTIP
- Retire Student to Previous Job, Active Employee - Stipend, RSTIP
- Change Student Job Rate - Stipend, CSTIP
- --------------------------------- ALL STUDENT EPAFS ----------------------------, STDNT
- Change Student Job Index, SINDEX
- End Student Job Early, STERM
- Change Student Time Entry Information, CSTIM
- --------------------------------- FACULTY and STAFF EPAFS ----------------------------, NONSTD
- Change Employee Job Index - All, INDEX
- End Employee Job - ALL, INDEX
Step 5. Select the active job on the right and click “Go”.

Step 6. Fill in the Timesheet Orgn field if changing.

Note: The Timesheet Orgn is a six digit number that may or may not be the same as your Home Org number. The Timesheet Orgn number filters and routes timesheets to the proper areas within the University.

Step 7. Select the Time Entry Method if it is changing to another type from one of the following options:

Option A. Payroll Time Entry – Use this option if you submit time via a paper timesheet.

Option B. Employee Time Entry via Web – Use this option if the employee submits time through Banweb/ESS.

Option C. Department Time Entry with Approvals – Use this option if your department submits time through Banner for this employee.

Note: The options Remove and Third Party with Approvals are not valid options with our current configuration. Do not use these options.

**Steps 8 – 11 are for WEB TIME ENTRY ONLY***

Step 8. (Web Time Entry Only) Change the Time In/Out Ind to “Yes” if the employee will need to put in their start and end times onto their Web Time
Entry timesheet instead of reporting hours worked in a day.

Note: This field defaults to “No” which will require the employee to report the hours worked in a day. This field only applies to Web Time Entry.

Step 9. (Web Time Entry Only) Type the M# of the employee who will be approving the Web Time Entry timesheet of the employee into the Approver ID field.

Step 10. (Web Time Entry Only) Type the Position Number of the employee who will be approving the Web Time Entry timesheet of the employee into the Approver Position field.

Step 11. (Web Time Entry Only) Type the Position Suffix of the employee who will be approving the Web Time Entry timesheet of the employee into the Approver Suffix field.

Note: You must specify the M#, Position Number and Suffix of the employee who will be approving the Web Time Entry timesheet of the employee. This information is on the payroll roster.

Step 12. Complete the Routing Queue by choosing the Approval Level, inserting a User Name, and selecting a Required Action (Approve or FYI).

Step 13. Click “Save”.

![Image of Web Time Entry interface with highlighted fields]
Step 14. Please give a detailed explanation of why a change is being made in the **Comment Box**.

Step 15. Click “Save”.

Step 16. Once you have double checked to make sure everything has been entered correctly, click “Submit”.

Step 17. Verify at the top of the EPAF to see whether it was submitted successfully.
Option D: Merit Lump Sum, MERIT

This option is used in conjunction with Salary Planner. This EPAF will provide the selected employee with a one-time lump sum merit increase. When this EPAF is created, the lump sum amount will become visible within Salary Planner.

Step 1. Enter the employee’s M Number in the “ID” field and press “Tab”; their name will automatically appear in the next field if you have entered the correct M Number.

Step 2. Enter the Query Date provided within the Salary Planner communication. Be sure to follow the date format of MM/DD/YYYY.

Step 3. Select the MERIT “Approval Category” from the drop down menu.

Step 4. Click the “Go” button.

Step 5. Enter the employee’s Position Number in the “Position” field next to the “New Job” field. The employee’s Position Number can be found on the departmental roster report or it can be found within Salary Planner. The Position Number will begin with “99xxxx” or “V9xxxx”.

Step 6. Enter the Suffix ML in the “Suffix” field next to the “Position” field. Be sure that they are capital letters.

Step 7. Click the “Go” button.
Step 8. Fill in the Merit Lump Sum Information section. The “Salary” field and the “Timesheet Orgn” field will be the only two fields to complete in this section. All other information in this section can be disregarded. These two fields will be marked with a red asterisk. The “Salary” field will be the total Merit Lump Sum amount desired for the employee. Enter the employee’s regular time sheet organization number in the “Timesheet Orgn” field. This number can be found on the departmental roster report.

* - indicates a required field.

</tr>
</tbody>
</table>

*Chart 1: Merit Lump Sum Account Codes*

If the Index is incorrect, change the Percent in the “Percent” field to zero. On the next available labor distribution line, type a U in the “COA” field. Next, type in the desired Index to charge in the “Index” field. Fill in the “Percent” field with the appropriate Percent. Repeat if needed until there is a total of 100% (note: the total percent does not change as you input; this will update when the “Default from Index” button is selected). Click the “Default from Index” button.

*Merit Step 9 (Index is Correct)*

19 | Page
Clicking on the “Default from Index” button will always cause an error. You are now at the top of the webpage again. Scroll back down to the Index & Labor Distribution section.

**Error(s) occurred.**

### New EPAF | EPAF Originator Summary

#### Instructions:
- Complete the fields necessary to process this EPAF.
- Click “Save” at any time to save your work.
- Once you have completed the EPAF and saved your work, click “Submit”.

For more information on how to process EPAFs, please use the Originator’s Handbook. **Note:** You must save the EPAF before you will be able to submit it for approval.

<table>
<thead>

</tr>
<tr>
<td>Distribution</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Merit Step 9 (Index is Incorrect)**

You will notice that all of the **Account** codes are missing. Enter in the appropriate **Account** code in ALL of the “Account” code fields that have an Index (See Chart 1). Click the “Save” button.
Step 10. In the Index & Labor Distribution section, place a check mark in all of the “Remove” boxes associated with Index lines with zero percent.

Step 11. In the Routing Queue section, insert the proper User Name in the “User Name” field next to the “Approval Level” field. If you are unsure of which User Name to enter, you can search for the User Name by selecting the search magnifying glass next to the “User Name” field.

The Routing Queue section will default three “Approval Levels” that are the minimum requirement for this type of EPAF. One of these “Approval Levels”
is for the Financial Manager(s) of the Index(es) in the “Index & Labor Distribution” section. If there is more than one Financial Manager involved, go to the next available line within the “Routing Queue” section (marked as **Not Selected**), and use the drop down function to add in an additional Financial Managers “Approval Level”.

Next, add in the proper **User Name**. Finally, move to the “Required Actions” field and use the drop down function to change from **Not Selected** to **FYI**. Repeat until all Financial Managers involved are added to the “Routing Queue”.

---

**Merit Step 11 (add additional Financial Manager)**

![Routing Queue](image)

---

**Merit Step 11 (add additional Financial Manager)**

![Required Action](image)
Step 12. Click the “Save” button.

Step 13. At this point, all of the necessary information has been completed. Please review all of the entries made for this EPAF. If any changes need to be made, proceed to update the necessary field(s). If any fields within the EPAF have been changed, you must “Save” the EPAF again prior to submission. Once satisfied with the entries, click the “Submit” button to finish the EPAF. This will update the EPAF to a status of Pending. The EPAF is now pending the approval of the person chosen in the MERIT Lump Sum Approval level.

If the EPAF needs to be reviewed after it has been submitted, you can find this EPAF under the “History” tab of the “EPAF Originator Summary” menu.
Uploading Supporting Documentation

In some instances, you will be required to upload supporting documentation for an EPAF. For example, if an employee resigns from the University, you need to upload the employee’s resignation letter for the “Ending and Employee Job” EPAF.

Step 1. Scan the supporting documents to a PDF format and store them temporarily in an easy to find location.

*Note: Make sure the scans aligned correctly and are legible.*

Step 2. From the EPAF Main Menu, click on “Uploading Supporting Documents”.

Electronic Personnel Action Form

Step 3. Using the drop down box, select the EPAF for which you will be uploading supporting documentation and click “Submit”.

*Note: Only EPAFs that allow you to upload supporting documentation will be listed. EPAFs will remain in this list, regardless if documentation has been uploaded, until the EPAF has been completed and applied to Banner.*
Step 4. Click the “Choose File” button next to the type of document you will be uploading.

*Note: You should only see options relevant to the type of EPAF you are processing.*

Step 5. Navigate to the location of the PDF. Highlight the PDF and click “Open”.

---

Home > Employees > Electronic Personnel Action Forms > Upload EPAF Supporting Documents

Select the EPAF from the list below you need to upload further documentation for.

Pick an EPAF: Smith, John, Q -- M11111111 -- 12826 -- End Employee Job - All

Submit

John Smith (M11111111) Employee

Termination Paperwork [Choose File] No file chosen

Submit Cancel

---

Home > Upload EPAF Documentation

Please select the file(s) to upload

---

Open
Step 6. Click “Submit” once you have selected the file(s) to be uploaded.

Step 7. Check to see if you received the completed message.

Step 8. Delete the temporary PDF file created for the upload.

Step 9. The day following EPAF submission you will receive an email detailing your current EPAF transactions and status. This email will also show if a document has been uploaded for an EPAF. Check this email to see if you are missing documentation that should have been uploaded.
Setting a Default Routing Queue

To make things more efficient, Banner has included a way to build a default routing queue for each type of EPAF.

Step 1. From the Originator Summary Screen, click on “Default Routing Queue”.

Step 2. Select an Approval Category and click “Go”.
Step 3. Complete the *Routing Queue* by choosing the **Approval Level**, inserting a **User Name**, and selecting a **Required Action** *(Approve or FYI).*

*If the position is funded by a sponsored account you will need to add the appropriate approver in the Sponsored Programs office.*

![Image of Routing Queue]

Step 4. Click “Save”.

Step 5. Repeat for all other Approval Categories / EPAFs.
Listed below are the indexes that Sponsored Programs needs to review/approve. Please remember when you are processing an EPAF for an employee on one of these indexes, please add Sponsored Programs in the *Routing Queue*.

*** Indexes that start with E2, E34, E35, E4 or E5 ***
# EPAF Status Definitions

The following are definitions for each of the statuses of an EPAF, where they can be located, and what actions to take next.
