Intramural Bowling will be held at the Mine Shaft Bowling Alley, which is located at: 915 Razorback Drive, Houghton, MI 49931.

The bowling league will be held on **Thursday nights**. Starting time to be determined. Individuals should start as soon as possible. For team play: If a team member is late, he/she can bowl two games and take the average for the third game.

The cost is covered with your experience tech fee.

All bowlers are expected to keep accurate score and completely fill out the result sheet provided.

A team may have a substitute for any game or match. The sub must be a student or faculty or staff member at MTU and he/she must have not bowled on any other team (faculty/staff spouses are also welcome).

If anyone misses a match, they can make it up by bowling three games. The games must be completed by Sunday after the scheduled match. Turn bowling sheets into the Intramural Office by Monday Morning before 9:00 AM.

If a team member is not present and a sub is not used, the absent member’s average less ten pins will be used for his/her score. The individual handicap will remain the same. The ten-pin rule can only be used for one bowler on each team.

An 80% handicap system will be used.

In match a team can earn five points (1 point for each game and 2 point for total pins).

All rules established by the Mine Shaft Bowling Alley will be followed concerning use of the building and lanes.
