Welcome

- Final meeting for the semester!
- Special guest Bryant Weathers

Updates

- Non-motorized transportation plan (Bryant Weathers)
 - Walk Your Wheels Initiative started in October 2019 in response to the bike/pedestrian mix on campus, especially in between classes. Because of some near misses, signs were put up between the MUB and Fisher Hall to ask people to walk their bikes. From this a taskforce was formed to create a non-motorized transportation plan by August of 2020. Work was progressing and then COVID-19 brought the work to a halt. Next step is to regroup. Someone is needed to lead the taskforce, identify group members, make a plan for this summer, and keep the taskforce going. The non-motorized transportation plan will align with the master plan on campus. The taskforce will need input and help from the student organizations.
- Graduation Celebration (Dan Liebau)
 - [Commencement webpage](#) is live with a [map](#), details of the event, parking, and routes. Please share with your constituents
- US-41 construction (Dan Liebau)
 - Bacco was awarded the contract and can officially start work on May 3
 - No anticipation of real disruptions until mid-May
 - Cliff Drive detour may not be in play until late June, early July
 - Facilities Management will be setting up a notice on their [webpage](#) for construction updates. As information becomes available this will be a great resource for people to find out what is going on or to ask questions.
 - Project is split into 2 years, work in front of campus will happen this summer and next summer they will be working on College Ave.
- Women's Bathroom Funding (Tim Griffin)
 - The request for additional women's bathrooms was not funded for this upcoming fiscal year
 - This request will stay on the list for next year and will be reevaluated

Thank you to everyone for your participation this year. Look forward to seeing everyone in the fall! Have a great summer!

Next Meeting

- Fall 2021
